

VENTURA BASIC LEANER MIRROR

4010620BB

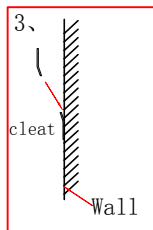

WALL MIRROR INSTALLATION:

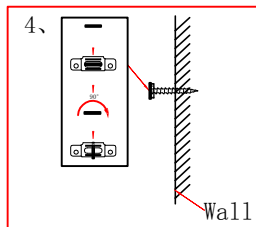

1. Install the plastic anchors into the wall at the desired location. Use screws to attach the cleat to the wall.

2. Install the plastic anchors with T-screws at bottom of frame.

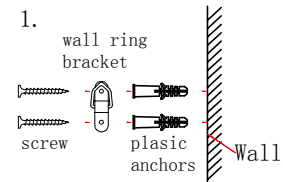

3. Hang the frame on the cleat.

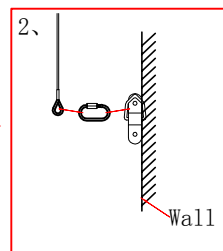

4. Position the T-screw into the mirror bracket and turn 90 degrees to lock the mirror into place.

LEANING MIRROR INSTALLATION:

1. Use the plastic anchors with screws to attach the wall ring bracket on the wall.

2. Use the quick link to connect each loop end of the cable to each bracket on wall and mirror. Rotate closure of each quick link to secure cable loops to the ring bracket.

IMPORTANT SAFETY INSTRUCTIONS

Metal cleat hanging hardware included. If using as a leaner mirror, we encourage installation of the included tip restraint, which securely anchors the product to the wall. Items not properly anchored pose a potential safety risk.

IMPORTANTES INSTRUCCIONES DE SEGURIDAD

Herrajes metálicos para colgar incluidos. Si se usa como un espejo más delgado, recomendamos la instalación de la sujeción de la punta incluida, que ancla el producto de forma segura a la pared. Los artículos que no están anclados adecuadamente representan un riesgo potencial de seguridad.
